Predictive Analytics Use Cases By Industry

Here are a few examples of Predictive Analytics use cases, as seen by different industry verticals:

- **Industrial**
  Companies like Bell Helicopter proactively replace aircraft components.

- **Healthcare**
  It is now possible to rapidly detect strokes and speed up response times.

- **Insurance**
  Companies like Progressive predict risks for usage-based car insurance.

- **Oil & Gas**
  Noble Energy is among the companies that use predictive analytics to prevent downtime in its infrastructure.

- **Utilities**
  Data coming from smart meters allows predicting demand loads on the grid.
